Neighborhood, region, or area of Kenya: _____

Artistic Medium: _____ (visual arts, performance arts, dance, theatre, etc.)

Art Experience: _____

Two recommendations are to be included from art educators, scholastic educators, or employers.

Scholarships from Artists For Africa, Inc., are for three post primary educational expenses to begin January following the year of application. Only students that are continuing their artistic education may apply for this scholarship. The student must submit documentation throughout the academic school year that they are enrolled in an artistic program outside of their academic program. Amounts of scholarship are based upon the tuition costs of the school of acceptance, not to exceed \$5000. This may be awarded to more than one recipient depending upon available funds and Scholarship Committee review. The grantor (s) will be notified of the school of acceptance and tuition amount by December 31st prior to the semester of coverage. The scholarship will generally be posted December 1-14 through the Artists For Africa website, and local dance and scholastic schools in Nairobi.

Should there be a need, an additional period of application can be approved by the Scholarship Committee and posted as above.

The scholarship grant will be announced within 30 days after the close of the application period. Students will be notified by email upon determination as to their acceptance or decline. Student applications will be reviewed by a Scholarship Application Committee designated by Artists For Africa. Recipients will be selected based upon financial need, continued artistic pursuits and academic merit (weighted in that order). Tuition checks will be made directly to the academic institution on the student's behalf. A dismissal from school or disenrollment in artistic pursuits will disqualify the applicant from the possibility of a subsequent scholarship. Applicants will be required to resubmit applications annually regardless of prior year's approval.

Any negative or wrongful actions taken or committed by the recipient while attending secondary education under the scholarship will not hold liability for Artists For Africa, Inc. Artist For Africa also holds the right for full publicity and disclosure, including photographs and social media, regarding the recipient and details of the scholarship.

All scholarship applications should be submitted electronically to info@artistsforafricausa.org; given directly to Cooper Rust +254 (0) 718 929 958; or delivered to any Dance Centre Kenya studio for disbursement to the Scholarship Review Committee.
